## CREDITS

*Managing student credits has never been easier or faster with SwimSoft's automated system. Designed to save you time and reduce administrative stress, our system offers seamless credit allocation and communication capabilities.*

### Quick Credit Issuance:

- **Fast Processing:** The average time to issue credits to a group of students is just 2 minutes. This rapid processing ensures that you can handle large groups efficiently, saving you valuable time.
- **Automatic Allocation:** Once credits are issued, they are automatically allocated to your clients' next invoices, eliminating manual tracking and reducing errors.

### Mass Credit Allocation:

- **Time Saver:** The ability to allocate credits en masse, especially during unexpected situations like a pool closure, has saved clients hours of time and administrative work.
- **Easy Management:** You can quickly issue credits to all affected students, ensuring a smooth and professional response to any disruptions.

### Streamlined Communication:

- **Group Email Functionality:** When emergencies arise, such as needing to cancel lessons for over 100 swimmers, SwimSoft removes the stress with its group email feature. Send one email to notify all clients, simplifying communication and ensuring everyone is informed promptly.
- **Efficient Reimbursement:** Following a cancellation, a single action to reimburse clients is all it takes, completing the process in literally just a few minutes.

### Benefits of Using SwimSoft

- **Reduced Stress:** By automating time-consuming tasks, SwimSoft allows you to focus on what truly matters – running your swim school effectively.
- **Improved Efficiency:** With the ability to handle credit allocations and communications swiftly, you can enhance your operational efficiency and client satisfaction.
- **Professional Approach:** Automated systems provide a seamless and professional experience for both you and your clients, fostering trust and reliability.
